

**VOLKSWAGEN**

RABBIT • SCIROCCO • JETTA • VANAGON • PICKUP LX

**PERFORMANCE WITHOUT COMPROMISE.** That's the commitment at the heart of every Volkswagen. Rabbit, Scirocco, Jetta, Vanagon and Pickup LX. Each one incorporates the best in German design and engineering. Each one is built to deliver total driving performance. That means performance in power, handling, economy, safety and comfort. Leading with innovation, Volkswagen offers exciting technology like affordable turbocharged-diesels and a high performance Rabbit GTI. There are many reasons why nothing else is a Volkswagen. But the most important reason is **PERFORMANCE WITHOUT COMPROMISE.**

## Rabbit Convertible

The free spirit Rabbit — the first contemporary convertible. This Rabbit was designed as a convertible from top to bottom with styling by the renowned Karmann Coachworks. For safety, a roll bar has been integrated with the body structure. For comfort, the Convertible has a hand-made top fashioned from 5 layers of insulated vinyl to keep noise out and warmth in. The rear window is made of glass and equipped with an electric defroster. An AM/FM stereo cassette Sound System is a standard item. The Rabbit Convertible — a unique Rabbit for the unique driver.
