

Golf Cabriolet

Spirited, fun-loving Golf Cabriolet.

Golf Cabriolet Bestseller

Let your spirits soar. The sun-loving, wind-in-your-face Golf Cabriolet can't help but put a smile on your lips. Reach for the ignition and let loose in top-down, show-the-world style! Feel the instant, sure-footed response. Sit back. Relax. Drink in the glorious

sunshine. And prepare to experience the unique exhilaration that comes with driving the open road in an open coupe.

And since it's a Volkswagen, Cabriolet's fun and high spirits don't come at high cost. In fact, the fuel effi-

cient Cabriolet is not only a convertible that's priced right, it's engineered for quality, safety and lasting value. Everywhere you look — from its durable, insulated top, down to its all-welded unitized body — you'll notice German craftsmanship and

meticulous attention to detail. Cabriolet's efficient 1.8 litre 4-cylinder overhead cam engine comes equipped with Volkswagen's performance-boosting Digifant fuel injection system, making this 94 horsepower edition our most spirited Cabriolet ever.

So come, spread your wings and fly with Golf Cabriolet. And discover a new kind of driving freedom.

Style and Performance— All-Year-Round!

Golf Cabriolet Bestseller

Even when summer sun begins to fade, Golf Cabriolet takes you where you want to go in style!

That's because it's designed from the ground up to be a true all-season performer. Cabriolet's specially constructed top is fully insu-

lated to keep out cold and unwanted road and wind noise. Reinforcing side beams and a fully integrated roll bar enhance body rigidity, resulting in improved road handling and an exceptionally safe driving environment. In addition, front-wheel drive, rack

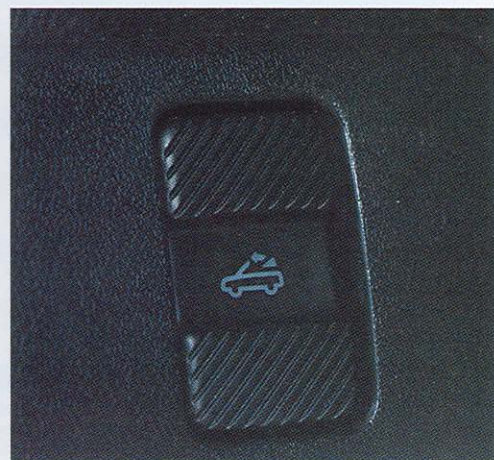

and pinion steering and MacPherson independent struts are all standard, making Cabriolet a superb performer in any weather.

Inside, there's little compromise either. Cabriolet is filled with the kind of subtle touches and refinements you

would expect from a German road sedan. The seats are richly upholstered, fully reclining and body contoured. The rear window is made of glass, not plastic, and includes an electric defroster. Noise dampening cut-pile carpeting lets you enjoy the deluxe AM/FM

Optional boutique leather interior

Optional electric power roof

stereo cassette radio to its fullest. And Cabriolet shares in a Volkswagen hallmark — exceptional head and leg room front and rear, top up or top down. Golf Cabriolet is indeed a car for all seasons. But above all it's a car for you.

Capture its spirit.

Golf Cabriolet

The handsome Golf Cabriolet Bestseller.

We've put some of Golf Cabriolet's most popular options into a good looking, great value, luxury edition package: the Golf Cabriolet Bestseller. Included are: special colour coordinated exterior/interior colour and trim, unique cloth upholstered sport seats and leather-wrapped steering wheel and shift knob (5-speed only), plus alloy wheels.

The show-stopping Golf Cabriolet Boutique.

Golf Cabriolet Boutique is for those with a special passion for style and luxury. The Boutique series comes in eye-catching Pearl Red Metallic, Pearl Aqua Blue Metallic or sparkling Alpine White. In addition to all the features of the Bestseller, the Boutique includes: sumptuous white leather seats, power steering and heatable front seats.

Volkswagen engineers security.

Volkswagen's concern for your safety and security is evidenced not only in Golf Cabriolet's solid "safety cell" body and integrated roll bar, but

in the energy-absorbing "crumple" areas that are built into both the front and rear of the body to provide passengers with additional protection.

Wide, protective side beams provide further protection along the driver and passenger doors. The bumpers are built to absorb impact, as is the specially designed steering column and dashboard.

All in all, Golf Cabriolet is one very safety conscious convertible.

Theft-detering Electronic Security Code radio.

The AM/FM stereo, full-logic cassette Electronic Tuning Radio (ETR) in your new Golf Cabriolet is specially protected by a theft-detering Electronic Security Code. Should the unit ever be disconnected, it becomes inoperative until the security code is re-entered. Since you are the only one who has the code, the radio is useless to anyone else. Electronic Security Code protection. It's simple. And proven very effective.

Guaranteed Mobility.

In the unlikely event that your new Cabriolet develops a mechanical problem, your car is covered by Volkswagen's Guaranteed Mobility programme.

Should you become stranded due to mechanical failure at any time, any day of the year, anywhere in Canada or the United States, all you have to do is call our toll-free number (Canada: 1-800-263-7601; U.S.: 1-800-782-7887.) You and your car will be delivered quickly and safely into the capable hands of an authorized Volkswagen Dealer. If a Volkswagen Dealer is more than 120 kilometres away, we will tow you to the nearest participating service centre. In some instances, we will even provide overnight hotel accommodation and/or a loaner car. Free of charge. Guaranteed Mobility is good for 6 years, as long as regular maintenance and repairs are performed by an authorized Volkswagen Dealer. Your dealer has full details.

Volkswagen warranty protection.

Golf Cabriolet is the product of the latest technological innovations, solid engineering and superb craftsmanship. And because Volkswagen believes in what they build, they back it with a 36-month/60,000 kilometre (whichever comes first) bumper-to-bumper warranty. Ask your Volkswagen dealer for full details.

6-year corrosion protection.

Your new Golf Cabriolet is covered by a 6-year corrosion perforation warranty no matter how far you drive. This warranty covers any repair or replacement of body sheet metal parts that have become perforated by rust. Repairs under this warranty are made free of charge. Your Volkswagen dealer will repair any defective part or replace it with a new genuine Volkswagen part. Because your Cabriolet is corrosion-protected at the factory, there is no need to purchase additional rustproofing. You may not be thinking 6 years ahead, but it's good to know Volkswagen is.
